

# PRIVACY POLICY

## Version 1

Last updated on January 22th, 2022

#### The company enables users (hereinafter "Users") registered on the website

the Service.

1. Foreword

The company develops, operates, and provides an online application that enables You to benefit

https://forbitspace.com/ (hereinafter the "Website") to benefit from an enhanced user interface.

from a Decentralized Exchange Super Aggregator protocol, offering the best prices on the

market regarding token swaps on many mainnets, such as Ethereum, Binance Smart Chain, Polygon, and Avalanche (hereinafter the "Service"). For more information regarding the Service, You are invited to read the Terms of Use available on the Website.

The company firmly believes that trust is key to its relationships with You. In this respect, the protection of your personal data and privacy is our top priority.

This is why the Company puts great emphasis on collecting and processing your personal data with the utmost care and in compliance with the applicable legal framework.

To inform You transparently, Company has implemented the privacy policy below, which explains in detail why and how your personal data is processed when You use our Service. 2. Scope

This privacy policy (hereinafter the "Privacy Policy") is intended to inform You, as a visitor or a User of the Service (hereinafter "You"), through any terminal, application, or device (hereinafter

the "Equipment"), about the way the Company processes, as controller, information enabling to identify You either directly or indirectly (hereinafter "Personal Data") in the context of your use of

### 3. Changes to this Agreement

review this Privacy Policy regularly as You shall be bound by it. If for some reason, You are not satisfied with our personal data processing practices, your immediate recourse is to stop using the Interface. You do not have to inform us of this decision unless You intend to exercise some of the data protection rights stipulated by GDPR and defined below in this Privacy Policy. 4. Purpose of Data collection The company collects your Personal Information to provide, maintain, and improve our Services. To be more specific, we primarily use your Personal Information to:

If our data processing practices change, we will update this Privacy Policy. The Privacy Policy is

accessible at any time on the Website and prevails over any previous version. The Privacy Policy

may evolve. The up-to-date version is the one available on the Website. Your continued access

to and use of the Interface constitutes your awareness of all amendments made to this Privacy

Policy as of the date of your accessing and use of the Interface. Therefore, we encourage You to

parties to safeguard your information. We will not sell, rent, or trade your Personal Information to any non-affiliated third parties except as required by law, such as when we reasonably believe it is necessary or appropriate to investigate, prevent, or take action regarding illegal activities, suspected fraud, front running or scalping, situations involving potential threats to the physical safety of any person, or violations of our Terms of Service. In any event, Company communicates your Personal Data to the above recipients on a strictly need-to-know basis and only as necessary for fulfilling duly identified processing purposes.

Company stores Personal Data for a limited duration, not exceeding the fulfillment of purposes

First, regarding the transfer or exchange of cryptocurrencies, Company will retain your Personal

Data until the log-off of your wallet from the Service. Nevertheless, if Company needs to retain

your Personal Data for evidence purposes beyond the date on which your wallet is logged off,

the maximum retention period applicable will then be in line with the statute of limitation and

will not exceed the period during which Company is required to retain evidence.

Second, the cookies' retention period is indicated below, under Article 11.

Third, with respect to the management of your questions and/or requests, Company will not retain your Personal Data for more than five (5) years following the last contact on your initiative. Where Company considers it does not need to retain your Personal Data in its active database, it will archive it and will ensure that access thereto is restricted to a limited number of persons who have an actual need to access your Personal Data.

9. Data Transfer Transfers to foreign countries must be subject to suitable protection, such as the supervisory authority's adoption and approval of Standard Contractual Clauses. You may acquire a copy of the foregoing adequate protection by sending a written request. We may instruct you on how to obtain such a copy, including your obligation to assume confidentiality commitments in connection with the disclosure of Forbitspace Foundation LLC proprietary and personal

information of third parties, as well as the terms of their relationships with the *forbitspace* 

forensic analysis which can lead to deanonymization and the unintentional revelation of

Keep in mind that the use of Interface based on public blockchains is intended to immutably

record transactions across wide networks of computer systems. Many blockchains are open to

Personal Data, in particular when blockchain data is combined with other data. We are unable

to delete, change, or alter Personal Data on blockchains since they are decentralized or third-
